

April 27th F-35 Panel Questions:

What does the City Airport Gain from the national Guard basing at Gowen Field?

Why would anyone choose to lower their quality of life? Isn't that what we're being asked to do?

Who should citizens contact to voice their disapproval to the F-35s? (Not City Official)

How can my home that has been in place since 1973 over 40 years and co-existed peacefully with the city of boise and the airport all of a sudden become uninhabitable?

If the F-35 is not based in boise will that be the end of the Air Guard?

Concerned with noise unsafe environment the planes have made my windows rattle it feels like my home shake hurt my ears value of my home will be affected.

How are the average decibel levels determined from noise contour maps? Is that average on each take-off only or averages throughout the day (taken @takeoff, landing and with no jet activity)?

It has been stated the noise map from 2012 is outdated . is this accurate? Can you address this claim? (This is regarding the F-35 training basing environmental impact statement)

Why have the neighborhoods most closely impacted by the airport and ANG been excluded from discussion and noise mitigation studies?

The Fighter Aircraft a requirement on page the agenda packet shows acres of varied terrain as an advantage. This includes mountains and forest as well as deser would these incredibly noisy planes be flying over our forests?

Syringa Valley proposal → 2,000 + homes adjacent to airport. Planning and Zoning Says "No" - Feb 2016. City Council says "Yes" - Nov. 2016

Q: What is the city council thinking to approve syringa simultaneously with promoting the F-35s?

Do we know when the contingent from the dept. Of defense will be in boise for their assessment? Should we welcome them with posters with our concerns?

IFf boise is going to have all the financial benefits why isn't Mt. Home fighting for this opportunity? The state will benefit either way!

Where can the community view the numbers surrounding the \$155 million economic impact statement?

What about air pollution what impact on already bad inversion?

The time for debating the merits of the F-35 appears to be behind us. It's now time for Action. What should the people in the room be doing to make it known that the f-35 is not acceptable for boise? What is the Vista N.A Doing (Specific Actions)?

For those people who will not have their homes purchased by BOI due to NSFL status, what can we expect in terms of diminished property values? Does the rest of AdaCo. Understand that their property taxes will increase to make up for the loss of revenue in the "Blighted Bench"?

How are we engaging other neighborhood associations throughout Boise for support of Vista, Hillcrest, Borah NAs? (We all voted for the foothills levy . . . the North End should support the Bench now.)

We are one area affected--how many areas are having these meetings? Are there speakers at other area meetings?

Should we all pressure the Air Force, Mayor and City Council for F-35 noise demonstrations/examples of maneuvers prior to the EIS process?

When will Gowen/Military put on a "true" demonstration of the F-35?

How are businesses around the airport affected?

We need a lawyer(s) - a fund to hire a tenacious, stubborn and determined one! How do we stir up the whole situation to make it LOUD?! We need to get this issue out to the public--"no one" knows about this. Scary!

\

The Idaho Statesman editorial expressed support for the F-35, explaining that a "do it right" outcome was possible to address noise concerns. How realistic is that "right outcome? What would it cost to mitigate noise at Hawthorne School!

Should we suggest a class-action lawsuit "if" we experience noise levels from the F-35s?

- from homeowners
- from businesses
- from schools
- from neighborhood associations!

What are the legal pathways and can we start the petition now!

Can a copy of Dr. Cahill's paper be distributed to the email list?

Can you link to the economist critique of the EIS?

If a question is asked by someone, would the panel spokesperson please repeat it.

What affect can a property owner expect the increased sound to have on the value of their property?

Regarding Siminich property sale: did the sale price reflect any negative impact from the threat of noise and F-35s?

What is the % of the Boise Metro Area GDP contributed by war jets?

If the EIS shows significant negative impact, is the AMG and BOI likely to go ahead anyway? And, if they do, are we assured fair compensation for homes in the NS area?

What opportunities are there to require the EIS process/report to include analysis the net economic impact?

The military aircraft that are flying near my home now already shake my windows. I would like to retire in the town I grew up in - peacefully! I feel the increase of the loud F-35's will decrease the value of my home. If I need to move due to the noise, then how would a realtor be able to show my house, having to stop talking due to the noise? Who would want to live in Boise! Boise will become the most undesirable city!

Does a crash zone map exist for the Boise Inty. Airport and the USAF-IANG?

Will refueling aircraft also be located at the Boise Int. Airport if F-35s come here?

Does proximity to nuclear material weigh into this mission?

How much more jet fuel ? How does that affect the biannual inversions?

Does anyone know what the Boise School District's opinion is on the F-35s?

If chosen, aren't we going to be a training site? If yes, why is there no indication of night flights?

Why can't we build something southward past the prison or elsewhere appropriate? Do we have a presence in social media, i.e., Facebook, etc?

Has the Guard looked at getting a C-130 firefighting mission to complement the National Fire Center??

We need to be concerned about relocation of F-15 and F-16 if Gowen Field is not selected for F-35!

Question related to Katie Fyte - How many people in audience visit the Owyhee area where these planes do maneuvers?

At the end, chance to make statement. Dave Kangas.

Has Mayor Bieter communicated with the Mayor of Burlington, VT, about F-35?

How prepared is "Citizens for a Livable Boise" for the political aspects that must be fought to stop the F-35 project for Boise?

For the CLB: Kathleen Lacey's email was provided in the packet tonight. Attachments are referred to, but they have not been included. Why not? Where can we get them?
